Project Title: Alphonse Mucha Website

I'd like to build this site as multiple pages, with typical site navigation probably across the top. I think there is plenty of content and photography to build out individual pages.

- **Home Page/Introduction** – Introduce the life and legacy of Alphonse Mucha, then have the rest of the sections be his works/series during different eras of his life.
- **Sarah Bernhardt**
- **The Seasons**
- **Fouquet Jewelry**
- **Le Pater**
- **Slav Epic**
- **Sources** – this page will just list sources, including the Wikipedia page, as well as other sources for photography, and any other credits that need to be provided.
